

Promotional Pullups for PI UK Events

We're looking to build a collection of pull-ups for use at exhibitions and seminars and would like to give members the opportunity to sponsor pull-ups to be used as appropriate to the occasion.

Pull-ups should feature good quality photography showing your Profibus, Profinet or IO-Link product (or products or services) in interesting applications.

These pull-ups would be used at our events on the following basis:

1. If your company is presenting, sponsoring or helping as part of our team or on our stand.

or

2. If the content is relevant to the theme of the event.

3. Senior Members are entitled to a free pull-up space at our events.

NB: All subject to availability of space.

Please note that it is the member's responsibility to deliver to, erect at and remove their pull-up after each event.

If you are interested to join in this opportunity, please email me the following items together with an order or purchase authorisation to the value of £95 plus VAT:

- High res logo for image 800mm x 490mm
- 2 line headline
- Website URL
- Suitable image – high res with full copyright use.

Regards,
